LTC ABT-TRANS has been involved in a long-term cooperation with “UAB JML GROUP” Company in the area of international logistics. We would like to highlight the staff’s attentive approach to assigned tasks, professional decision-making and high quality of order execution as a result.

We cooperate with you since 2006. Our companies established a trustful partnership during these years. Having UAB JML GROUP as a reliable partner with a professional team adds up to our growth and development. We express our special gratitude to UAB JML GROUP for finding solution to daily non-standard tasks

SEA FREIGHT

Even though the ferriage takes longer comparing to other types of transport, sea transport is the cheapest method to and from distant countries.

ECONOMIC AND RELIABLE

In cooperation with shipping companies and partners worldwide, we offer marine transportation solutions customized for your company needs. We deliver in optimal time, minimum cost and full safety of cargo. We deliver your peace of mind.

AIR FREIGHT

When your goods need to be moved quickly, air freight is the best solution.

SPEED AND EFFICIENCY

Time is money so air freight is very effective. We deliver your peace of mind by providing complete set of air logistics solutions from all global destinations. We are focused on quick transit, combined with customers' business cost savings using flexible and individual

consolidation tools or intermodal solutions. We only contract with the best airlines in the market, and enjoy a great support from A class airlines around the world. Our logistics hub is at very convenient location - only 11 km from the Vilnius airport

UAB JML GROUP proved itself to be a reliable business partner. We received a comprehensive complex elaboration of services provided to us as well as a competent document management and a strong desire to resolve all issues.

The cooperation with UAB JML GROUP Company is fine example of a trusting partnership that lasts for many years. UAB JML GROUP staff consist of highly qualified professionals in the business. "Eksimlift" LLC recommends UAB JML GROUP as a time-tested partner.

INSURANCE

Navigating through the transportation insurance policies is not an easy task. Specifically when dealing with transport of critical freight or high value products, the economic risk is so high that a cargo insurance should be a natural preference.

STAY CALM

We offer insurance brokerage , risk financing and risk consulting that allow to ensure you a peace of mind.

CUSTOM CLEARANCE & BROKERAGE

Our expertise in local legislation and custom procedures enables us to perform quick and accurate import, export and transit services. We help you to save time, reduce transportation costs and ensure your peace of mind.

WE PROVIDE

Custom clearance for import, export and transit

Issue of bonds, guarantees and safeness

Consultancy in all custom clearance procedures

Preparation of CMR and invoices

TIR carnet opening

Document checking

Inventory management

Document copying and printing

During our cooperation the employees of UAB JML GROUP have proved to be high professionals that seek to maintain a high level of services, take into consideration all the requests of the clients and solve any issues in a timely manner, which is important for the rendered services.

We hereby would like to note the successful long-standing experience of cooperation with UAB JML GROUP, which provides terminal handling of goods, customs and transport services to our company. The company has a well-organized working process and is attentive to its customers.

WAREHOUSING

Our warehouse space consists of over 4500 m², out of which almost 1900 m² is designated to customs warehouses.

CARGO HANDLING

Our professional staff will quickly and safely reload, pack, check, make pictures, and mark your goods so the cargo will be fully prepared for transportation, distribution or sale.

REPORTS

The report about completed operation and the movement or stock of goods will be always presented to keep your peace of mind.

SAFETY

The safety of stored goods and vehicles is ensured by a 24/7 manned security guard post, online security system (CCTV) and alarm.

WE PROVIDE

SPEED AND EFFICIENCY

With the 3PL or third-party logistics we use third party businesses to outsource the elements of the company's distribution and fulfilment services. Our goal is to deliver you peace of mind.

With the present recommendation letter we recognize the successful long-term cooperation with UAB JML GROUP, which provides warehouse, customs and transport services to our company. The working process at the company is well organized and the requests of the clients are taken good care of. The documents are competently drawn up and all terms are strictly observed, which attest to the high level of competence of the personnel of the company.

SILK ROAD FROM CHINA TO EUROPE

When you have goods to transport from China, the first thing is to determine the cargo types and find what the most suitable way for delivery is. We provide the most cost-effective solutions and deliver different cargo types by sea, air and rail.

SILK ROAD

UAB JML Group in co-operation with Lithuanian, Belorussian, Russian, Kazakhstan, and China railway providers is pleased to announce the start-up of new "blocktrain" shuttle service (Silk road) between Central Asia and Europe. It's one of the most cost-effective and time saving routes from China.

SILK ROAD FROM CHINA TO EUROPE

The cooperation with you company allowed me to outsource 50% of the international economic activity, which also allowed me to focus more on management decisions. All cargoes from European Union, China and USA are delivered on time, all shipping documents are always correctly made. Separately, I would like to thank you for your understanding and patience regarding the payments of company.

ELECTRONIC COMPONENTS DISTRIBUTION

We specialize and have experience in a special care of products that are highly fragile or extremely sensitive to movement.

LOOKING FOR SPECIFIC ELECTRONIC COMPONENT?

We are a large distributor of electronic components from almost 1500 manufacturers and suppliers. If you are in need of any kind of electronic or electrical component don't hesitate to contact us and we will find the best solution.

IN ADDITION, WE SUPPLY

Active components

Passive components

Plugs and connectors

Chips

Sensors

Sources of power supply and voltage converters

Insulation materials

A wide range of electromechanical products

SAFE AND RELIABLE DELIVERY

One of the most important activities that require special skills of employees are electronic components. They are processed by our specialists with knowledge of product features and enter our warehouse from more than 1,500 suppliers. We make sure they are delivered safely and timely to ensure your peace of mind.

Careful attention to the goods is a very important part of our business. And we are sure we can always rely on the team of UAB JML GROUP. The goods are always treated carefully while when loaded or unloaded, sorted and stored at the warehouse. Also the goods are packed in accordance with all requirements so as to be delivered to the customers in the best way possible.
